Song by Cassiopeia

Can't communicate  
ur in outer space  
everytime i get around u  
i can compromise  
but id be so better off with out u

well i was thinking maybe u and me  
we could have been a possibility  
but now iv got a plan b

(chorus)  
b the change  
rearrange  
what im thinking  
gonna be everything iv been dreaming  
disappear outa here call it even  
your up in another world  
so now im gonna go to plan b  
and be me

i didnt fall apart  
u didnt break my heart  
somehow it doesnt seem so tragic  
if i called ur cell  
just to wish u well  
it probably be nothing but static  
well i thought that maybe u and me  
we had a little bit of chemistry  
i guess some things are never meant to be

(chorus)  
b the change  
rearrange  
what im thinking  
gonna do everything iv been dreaming  
disappear outa here call it even  
your up in another world  
so now im gonna go to plan b

sometimes i wonder if u ever  
ever really noticed me  
i think about it too  
but im saving all my energy for plan b  
i dont really want u  
if u dont love me

(chorus)  
b the change  
rearrange  
what im thinking  
gonna be everything..  
im dreaming  
disappear outa here call it even  
your up in another world  
so now im gonna go to plan b  
to plan b..  
and be me
