FLIRT (with me)

You lost your self respect
You gave it all away
For no good reason
What were you thinking

Flirt with me
If you want me to
I'll do it for you

When you got that
Smile on your face
That look in your eye

So look into these eyes
And tell me what you see
Do you see affection
The way it should be

Come on
Flirt with me
If you want me to
I'll do it for you

When you got that
Smile on your face
That look in your eye
You want everything

I am the first you will ever have
I am your lover
I'm your God

When I get close to you

When you got that
Smile on your face
That look in your eye
You want everything
