Fake hearts set on overdrive
It's hard enough tryin' to stay alive
A false start went a million miles
Best dressed at a costume party
Don't let it go, makes you real, made of stone
Enough dust that will leave you dry
It's hard enough trying to say goodbye
Feel the ground breaking under you
And set sail for a perfect time.. then
Don't let it grow, if you don't heal, made of stone

And I don't wish for a life of open doors,
I feel much bigger than this
And I can push myself for so much more
Try, don't ever resist
I can't bring myself to choose
Or hide my feelings
I think I've got so much to prove
And I don't want it now

Skin cracks till you see inside
Loves dust that'll make you blind
Take the bait hanging over you
Never hate just.. stop

Don't let it go, make you real, made of stone
And I don't wish for a life of open doors,
I feel much bigger than this
And I can push myself for so much more
Try, don't ever resist
I can't bring myself to choose
Or hide my feelings
I think I've got so much to prove
And I don't want it now

Giving it up
Giving it up
Giving it up

So alone my anaemia
So alone my anaemia
So alone my anaemia

So alone my anaemia
So alone my anaemia
So alone my anaemia
So alone my anaemia
So alone my anaemia
So alone my anaemia
So alone my anaemia
So alone my anaemia

So alone...
