We love reggae music  
All you got  
We love happiness  
All you got  
Peace not war  
All you got  
Let's make some joy, right now

Well easy, well hardb|  
Can't sit and reason with hypocrites  
Just teasing, that's all  
Can't sit and eat with hypocrites

We love reggae music  
All you got  
We love happiness  
All you got  
Peace not war  
Let's make, I wanna make some joy

What burden, what tasks  
Can't be dealt with diplomats?  
Which pardon should we ask  
Can't be given by aristocrats

We love reggae music  
All you got  
We love happiness  
All you got  
Peace not war  
Let's make some joy  
In a dub wise

Dem dub wise  
Dem dub dance  
Can't be done by stiff necks  
Now let's dance  
And you take a chance  
But you can't complete with roots man

We love reggae music  
All you got, all you got

Happiness, treat me  
Peace not war, no war  
Let's make, we wanna make some joy  
Let's do it

Solo

Well, well well well well well easy, well hard  
Can't sit and reason with hypocrites  
They are just teasing brother that's all  
Can't sit and eat with hypocrites

We love reggae music, all you got  
We love happiness, yes I will do my best  
Peace not war, no no war  
Let's just make some joy, choose it

Heavy music, hevy music, hevy music  
Music of the bird, music of the sea  
The music which is to be, reggae music  
R & B, a soul, rock and roll  
This a music, a reggae music, a reggae music  
All music, universal language, music, music music
