On the beach in Hawaii

I wish you were here with me
Walking on the beach in Hawaii
Playing on the golden sand
Looking at the ocean, now I understand

Love is like the open sea
And I wish you were here with me
On the beach in Hawaii

Since you've been gone away
I think about you everyday
Don't you know I miss you much
And you know I need your touch

I'm on a rocky cliff
Oh, I wish you were hear with me
On the beach in Hawaii

A little pakalolo, and I say mahalo
Ujjayi breathing, to get a real feeling
Yogi gonna let you know
That I wish you were here with me

On the beach in Hawaii
In Hawaii
