Now whether you come from yard or whether you come  
from London  
Wanna hear this one on your radio station  
Conscious lyrics have to reach number one  
Teach we come to teach we come to teach the nation  
Lyrically lyrically inspiration  
Love and nuff unity with lots of education  
We'll take it by the hundred take it one by one  
This is ragga with the inspiration

I can only sing of destruction today  
'Cause my people are shedding blood everywhere  
There is no happy song to sing  
When every time I'm frowning  
I watch my back as I pass through  
'Cause they're aiming their bullets at me  
Jah say he see us through  
So I knew that the wicked would perish

Never forget your dreams  
Life is full of ups and downs, yeah  
No matter how hard it seems  
Never forget your dreams  
Just take it day by day by day by day by day  
Day by day by day by day by day by day by  
Day by day by day by day by day by day by  
Day by day by day by day by day by day by

We laugh at them for they know their day is coming  
The wicked draw their swords to slay the upright  
Well the wicked bend their bows to cast down the poor  
Yet their swords shall pierce them in their own hearts

Never you lose your faith  
Things and times will have to change, yeah  
Say you might be down today  
But never you lose your faith  
Just take it day by day by day by day by day  
Day by day by day by day by day by day by  
Day by day by day by day by day by day by  
Day by day by day by day by day by day by

Worry not of tomorrow  
For we know not what a day may bring  
Faithful are the wounds of a brother  
Than the kisses from an enemy  
Pride is their chain of honor  
Violence is the garment that covers them  
My feet were at that stumbling point  
Ooh but I didn't slip

Never forget your dreams  
Life is full of ups and downs, yeah  
Say no much how hard it seems  
Never forget your dreams  
Let's take it day by day by day by day by day  
Day by day by day by day by day by day by  
Day by day by day by day by day by day by
