Uncle SAM is a naughty old man.  
He says he wants you but he only wants to use you.  
He has a woman named Elizabeth she walk the streets  
selling her body for  
Glory.  
Immorality!  
They get drunk from the blood of saints not the kind  
that are made into  
Statues.  
Her brother john drinks wine all day he and his friends  
trying to take our  
Souls away.  
O it's sad to say but uncle sam is gonna have his day.  
They will weep for Elizabeth
