Come on
Everyone wants to be

Everyone wants to be the cowboy
Living life the wild wild west style
Everyone wants to be the outlaw
Well everyone tough and no one is gonna back down
Everyone's tough and no one is gonna back down

Everyone wants to be the superstar
They wanna be a superstar
And live like a star and driving the fancy car
You can still catch a bullet in your car
Everyone wants to get some fame playin' the man's
game
Everyone tough and no one is gonna back down
Everyone's tough and no one is gonna back down
Jesse said him rough and no one is gonna back down

Yeah
Come on
Well, everyone wants to be

Everyone wants to be the gangster
Living life like a monster
Everyone want to play the game they are insane
Everyone's tough and no one is gonna back down
Everyone's tough and no one is gonna back down
Capone said him tough and no one is gonna back down

Hey yo warning to informers and traitors
First one die will be the instigator
Who died and left you commentator
Outer body experience see it's not all good
Look into the eyes of who was once Clint Eastwood
Fire koombaya for back up call Libya
Soldiers hold your fire I see Ethiopia
I hear you boast about who you toast around the coast
But once you hear the fire you vanish like human ghost
sucker

Everyone wants to be the cowboy

Living life the wild wild west style
Everyone wants to be the outlaw
Well everyone's tough and no one is gonna back down
Everyone's tough and no one is gonna back down
Sandokan said him tough and no one is gonna back
down
Jesse James said him rough and no one is gonna back
down

Come on, come on
He get two thousand coming, watch out his show
I didn't get he was coming back
[Incomprehensible]
