Fallen is Babylon  
All nation have drunk of her passion  
Fallen is Babylon right now  
Right now

Come out of her, oh people  
Unless you want to share, her plagues  
Listen to me now, come out of her  
Jah Jah people in your minds  
Unless you wanna partake of her sins  
Look what you doing, man?

Fallen is Babylon  
All nation have drunk of her passion  
Fallen is Babylon right now

Welcome Jah, in your new name  
We're singing, we glorify not in vain  
I tell you what  
Mysteries dead and reality claims  
I mean built over many years  
Gone in day take it now

Fallen is Babylon  
All nation have drunk of her passion  
Babylon is falling down  
Fallen is Babylon  
Right now  
So much heart broken, so much sufferation

After this I saw another angel  
Trode down from Zion  
With great authority given to him  
The earth was lit up with his glory  
At the top of his voice he shouted  
Babylon has fallen, Babylon the great has fallen

Whore of this whole world  
So much sorrow, she gave  
To many many many like you and me  
Oh whao, so tempting just like a beautiful thing  
But I just can't let myself be, let myself be

A next victim no, no, no, no, no

Fallen is Babylon  
All nation have drunk her passion  
Fallen is Babylon right now  
Right now

Babylon system is a system that exists for centuries  
Centuries  
Still run by the same mentality that runs it  
still here to do the same thing  
They've done  
Conquer the poor and oppress the underprivileged  
We got to stop that  
Babylon, oh Babylon
