Inna de ghetto first night  
Things are really high  
Reggae all night for the poor

Inna de ghetto first night  
Things are really high, high  
Reggae all night for the poor

Inna de ghetto first night  
Things are really high  
A reggae all night, want some more

I see the girls are dancing  
Yes, de youths, dem a bawl it out  
Though we've got problems  
We still a rock it to the ground

Inna de ghetto first night  
Things are really high  
A reggae all night for the poor  
We want more

Inna de ghetto first night  
Things are really high  
Reggae all night for the poor

Down, down, inna de ghetto first night  
Things are really high  
A reggae just right, want some more  
Yes, we do

And in the back room  
Brethren a reason harder now  
Yes, we say well, soon  
We haffi tear some borders down

Inna de ghetto first night  
Things are really high  
Reggae all night for the poor

Inna de ghetto first night  
Things are really high, high

High, high, high, high, high  
High, high, high

Down inna ghetto first night  
Things are really high  
Hey, a reggae all night for the poor

Some say we got nothing  
But let's show them something now  
All those who claim to have something  
Hey, they ain't nowhere to be found

Down inna de ghetto first night  
Things are really high  
We're keeping up the fight for the poor  
How? How? How?

Inna de ghetto first night  
Things are really high, high  
A reggae all night for the poor

A reggae just right, want some more  
Reggae all night for the poor  
Reggae just right, want some more

Reggae all night for the poor  
And reggae just right, want some more  
And reggae all night for the poor

Reggae just right  
Reggae all night  
Reggae just right  
Reggae all night

Reggae just right  
Reggae all night  
For the poor  
We want some more

Inna de ghetto, inna de ghetto  
Inna de ghetto, inna de ghetto  
Inna de ghetto, inna de ghetto  
Inna de ghetto want some more  
Want more
