Into the groove, where we lose ourselves  
Just to find who we are  
Into the groove, where we get to fly  
But we need not see the sky

Into the groove, where we escape  
From the surface of what we've become  
Into the groove, come for the ride

Take the plunge, soak it up like a sponge  
Don't be afraid of tonight, everything is gonna be  
alright  
Take the plunge, soak me up like a sponge  
Don't be afraid of the light, everything is gonna be  
alright

Into the groove, where love grows to new heights  
Into the groove, where the sun disappears  
But a light still shines

Into the groove, surrounded by the waters of desire,  
yeah  
Into the groove, come for the ride

Catch the wave, free the slave, emancipate your mind  
'Cause nothing men do can change this time  
Catch the wave  
(I'm gonna catch the wave)  
And free your slave  
(I'm gonna free my slave)

Emancipate your mind  
Hey nothing they do can change this time

Light it up

Into the groove, where we lose ourselves  
Just to find who we are  
Into the groove, where we get to fly  
But we need not see the sky

Into the groove, where we escape

From the surface of what we've become  
Into the groove, come for the ride

Yeah, come for the ride
