If life means what it means to me
Happiness come from the way we live
Not the money we receive

'Cause even the poor man is rich
Love in our hearts
Health strength and longevity

Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up

If right means what it means to me
Before words were spoken
Jah law was written within

If right means what it means to you
What the preacher say
Is not what the preach do, oh now

Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up

Life for me, life for you
Life for you, life for me
Life for me, yeah, life for you
Life for you, life for me

There is no owner's manual
For the life that we lead
Learn as you grow
More power to you
More power to you

In life there's many stages
But don't you quit
'Cause when the table turn
More power to you
More power to you

Good now everyone feeling good now
Good now everyone feeling good now
Good now everyone feeling good now
Good now everyone feeling good now

Living, giving, sharing, loving
Living, giving, sharing, loving

Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up don't give it up

Live it up, live it up don't give it up
Live it up, live it up don't give it up
Live it up, live it up, live it up, live it up
Got to live now
