"Make Some Music"

Love is a melody playing through eternity
Making sweet songs all night long
Stay in the groove, we can't refuse
When the rhythm is tight we'll be up all night

The perfect tune we make for life
Beats that vibrate moods that excite
Instruments tuned, harmonies right
Love is the song we make tonight

Come on, baby, let's make some music
This is the groove and that's how I do it
Come on, baby, let's make some music
'Cause you know how, how to do it

Thinking of lyrics I could sing
But I know they must come from within
Can't rush music, got to take it slow
Keep in the groove til it starts to flow
Hit the right tempo then you know
This song is not for the show

Come on, baby, let's make some music
This is the groove and that's how I do it
Come on, baby, let's make some music
'Cause you know how, how to do it

It's a beautiful thing the way you hit
The way we swing, the way we rock this groove
Now we going to the roots
Now we going to the roots

Hey, it's a beautiful thing the way we hit
The way we swing, the way we rock this groove
Now we going to the roots
Now we going to the roots

Come on, baby, let's make some music
This is the groove and that's how I do it
Come on, baby, let's make some music
'Cause you know how, how to do it
