

Ziggy Marley "One Bright Day"

Visit "[One Bright Day](#)" on MotoLyrics.com

One bright day the people together
one bright day the people together
one bright day the people together
one bright day the people together
There will be celebrations around the nations
love without no care
there will be singing, plenty swining
live witout that fear
One bright day the people together
one bright day the people together
yes it was one bright day
yes it is one bright day
There is music, you choose it, love it,love it
hear this music, don't loose it, love it,love it

One bright day the people together
one bright day the people together
Hey, unnuh see the one bright day, South Africa free
Believe me, one bright day,drugs free country
Make it to the one bright day
a said the struggle to the one bright day
struggle to the one bright day
struggle to the one bright day
Make it to the two bright days
make it to thre-----ooh
lord, the people got together
the people got together
So there can be, many, many, years and years and
years
