There are many stories  
Both old and new  
What is true?

There are many stories  
Both old and new  
What is true?

Christopher Columbus discovered whom?  
If their leader is closer to God  
Who is for who?  
Are they doing the right thing  
For who? For who? For who?

There are many stories  
Both old and new  
What is true?

There are many stories  
Both old and new  
What is true?

So men say they're doing their best  
To put the people on the line  
They say, we're linin' in their time  
Not true, not true, not true

There are many stories  
Both old and new  
What is true?

There are many stories  
Both old and new  
What is true?

Did you know the name of the slave ship  
That carried us through and through?  
Did you know they change things?  
But they can't change me or you, me or you

There are many stories  
Both old and new

What is true?

There are many stories

Both old and new

What is true?

What is true?

What is true?

Plain truth without no sugar, plain truth

Just the plain truth, no prisoner taken, plain truth

One hundred percent raw truth is what we need

Raw truth is what we feel

Raw truth without the sugar, plain truth
