â€¦Creeperâ€¦creeperâ€¦creeperâ€¦creeperâ€¦perâ€¦perâ€¦perâ€¦

Double trouble, vibe bubble, the arena  
Ten years and we still got the fever  
One for all when I'm looking for no leader  
All you gotta do is know how to heat her  
Dance floor introduce it to the sweeper  
Lock it down, big sound, it's a keeper  
So stand clear and get ready for the  
creeperâ€¦creeperâ€¦creeperâ€¦creeperâ€¦creeperâ€¦

[Repeat 3x]

So get ready for the creeper  
So get ready for the creeper  
Lock it down, big sound, it's a keeper  
One for all when I'm looking for no leader  
Double trouble, vibe bubble, the arena  
All you gotta do is know how to heat her  
Dance floor introduce it to the sweeper  
So stand clear and get ready for the creeper

So get ready for the creeper  
So get ready for the creeper  
So get ready for the creeper  
So get ready for the creeperâ€¦[[Fade]
