Josie in her car she drives and she talks
Josie in her bath she pleases and shocks
Josie on the roof an urge to be free
Josie girl don't fly away from me

Josie moves about to find her place
Josie flexes her muscles
And straightens her face
Josie in that dress looks slim and tall
Josie if we'd kiss I wouldn't mind at all

Josie in a pot is cooking herbs
And I'm in love with her
And if a witch she gets you with
That spooky charm of her
No chance you'll get away
But then you wanna stay in
That precious cage
Loving your whole life through
And everything seems quite a joke
Make it for ever you pray

Josie
I love everything you do
Listen pretty baby
I'm living my life for you

Josie puts faith into herself
And then I wonder
If she needs somebody else
I wonder if she's crying
I wonder about her heart and
Her head and her time

I'll see ya
Where all your dreams are born
But then I loose ya
To what you dream
Breathing
I'm breathing the air of you
But then I'm choking

On the rest of the world

Josie puts faith into herself
And then I wonder
If she needs somebody else
I wonder if she's crying
I wonder about her heart and
Her head and her time
