There's a place where the dogs go  
I don't know  
If we belong there  
But if you've never been there  
You should go  
You really should go  
Hey it's where I wanna go  
Better than a movie show  
Come on don't you be late  
Oh oh man it's always great  
There's a town with a fancy goal  
It's all so  
Smoggy round there  
Ain't no room for tree to grow  
Although the sun it glows  
Every day  
Hey what little do they know  
The dumbest crowd I ever saw  
Hey they chained my beliefs  
But I go where my heart leads me  
There's a place where the dogs piss  
And the gods lick it  
Off the walls  
If you've never been there  
You should try  
Bye bye!
