I have not slept for many days
Yet I have dreamt of the unseen
Now I have found this place in myself
I have dreamt of no control

And then I will see what the hate, it can take
I will stand up to see what I really can be
I'll cry if I need to but I'll proceed to
A state of hate and to be a superior me

I have dreamt of this for so long
I feel my inner self will grow strong

And so I will break down, I'm blind to your ideas
I don't want to be, I can't stand the pain
And then I will see what the hate it can take
I will stand up to see what I really can be

I have dreamt of this for so long
I feel my inner self will grow strong
If I can only be what they want
I'm me, exploding into history

I dream of leaving this
Kill this and never come back
Never fuckin' return

I dream of me, kill this, my dream
I dream of me, kill this, my dream
I dream of me, kill this, my dream
I dream, I dream of me

I have not slept for many days
Yet I have dreamt of the unseen
Now I have found this place in myself
I have dreamt of no control

And then I will see what the hate it can take
I will stand up to see what I really can be
I'll cry if I need to but I'll proceed to
A state of hate and to be a vision of me

I have dreamt of this for so long
I feel my inner self will grow strong
If I can only be what they want
I'm me, exploding into history
