Here with me

[Tre]

No one to turn to, no one to hold  
My body misses your presence, come take full control  
Come touch my lips, and let me kiss your fingertips  
I wanna feel you inside of me, come and explode  
I reminisce, don't believe I'm feelin' like this  
Boy, you got me going in circles (circles)  
I'll be damned, 'cause I don't understand  
How can you take a piece of my heart (my heart)?  
It may sound crazy, but it still amazes me  
Took me from the very start (Hey, now)  
The way you hold me, mama never told me it can be all  
so good  
I guess some things just wasn't meant to be  
Be under, be understood

I want here with me  
I need you here with me  
I love you endlessly  
Oh, baby, can't you see?

[Tre]

I grab telephone, but I won't call  
Don't believe it ain't killin' me, takin' my all  
I smell your scent even though you're not around  
Without your love, somethin's steadily pullin' me down  
I can't resist now, can't believe I feel like this  
There I go again in those circles (circles)  
We got along, I should'na did you wrong  
It didn't have to be this way (have to be this way)  
And if ya come back to me  
I won't have ? word to say [Hey, now]  
A hey, now, I'm in the mood for you and only you  
I swear that my love is true  
And if ya don't give me another chance  
Then, honey, what will I do?

I want you here with me  
I need you here with me

I love you endlessly  
Oh, baby, can't you see?

[Tre]  
Touch my lips all inside  
Callin' the hips of obsession right to ecstasy  
Oh, baby, I want you here with me  
I'm ready ,love me now, love me now, come and  
explode  
Come and hold me as I sing this song (Love, love, love)  
Love me now  
Oh, I'm trapped in the heat of ecstasy  
Love me now, so lonely  
Oh, I'm so ready
