[Incomprehensible]

As my senses evolve I need to learn to stand my
ground
I am forced into a shaking world when all I need is safe
and sound
I am not satisfied, not satisfied

Looking into a mirror but I don't really think I need to
reflect
I am unrealistically happy although I know its just a
state of neglect
I am not satisfied

As the fire burns, I'm standing still, I'm paralyzed and
cold
(Watch my dream unfold)
I am almost liquid and although I'm breathing, I am
dead
(Although I'm breathing, I am dead)

I am second in line when all they needed was number
one
I am sitting in the corner of that circle they placed me
in
I am not satisfied

As the fire burns, I'm standing still, I'm paralyzed and
cold
(Watch my dream unfold)
I am almost liquid and although I'm breathing, I am
dead
(Although I'm breathing, I am dead)

I don't mean to disagree but it just seems that I am lost
In situations that won't ever turn out in my favor, I just
might give in
It just seems that I will always live my life face down

And still I am not satisfied
And still I am not satisfied

As the fire burns, I'm standing still, I'm paralyzed and
cold
(Watch my dream unfold)
I am almost liquid and although I'm breathing, I am
dead
(Although I'm breathing, I am dead)

As the fire burns, I'm standing still, I'm paralyzed and
cold
(Watch my dream unfold)
I am almost liquid and although I'm breathing, I am
dead, dead, dead
(Although I'm breathing, I am dead)
