# "Ocean Of Void"

Empty of sand and stones  
We're tuned to the key of insanity  
Steps taken with broken feet  
Nebulize or enlighten the blind

Will I have to say it again  
This real fake lie is true  
It's such a war within our souls

These faces are all dead for me  
Cause it's all fucked up

Can't feel it slowly fading  
Can you feel it  
You've got to feel it  
And every time I close my eyes  
Just an ocean of void I see

Just an ocean of void I see

Will I have to say it again  
This real fake lie is true  
It's such a war within our souls  
Our souls

The water is providence  
We forget it's providence  
The fire is providence

Can't feel it slowly fading  
Can you feel it  
You've got to feel  
And every time I close my eyes  
Just an ocean of void I see

I see  
Oh yeah

Imperious thirst of a past once desired

Still embracing it till the end of the earth

Still embracing it till the end of the earth  
We're losing ourselves

Can't feel it slowly fading  
Can you feel it  
You've got to feel it  
And every time I close my eyes  
Just an ocean of void I see  
I see  
I see  
That I see
