

Mnemonic "What's Left"

Visit "[What's Left](#)" on MotoLyrics.com

Introducing myself
Introducing myself
With that mask that suits you fine
Shadows before numerous shapes
(Numerous shapes)

I'm so bored
I'm so sick
(So sick)
Praises sound deeply useless
With no retreat I claim who I am
What I am

Tired and bored
(Tired and bored)
I'm so bored
Grab my heart before I'm gone

Before I'm gone
Stretchers keep my world alive
What's left
Just try to feed my past

Before I'm gone
Stretchers keep my thoughts alive
What's left
Just try to feed my past
Try to feed my past

I'm wasting my oneness
Feeling half alive
I'm wasting my oneness
Feeling half alive

A permanent brainstorm
My body is losing its fucking form
I'm so bored
I'm so sick
(So sick)

Before I'm gone
Stretchers keep my world alive

What's left
Just try to feed my past

Before I'm gone
Stretchers keep my thoughts alive
What's left
Just try to feed my
Try to feed my past, my past

I'm tired and bored
I'm tired and bored

Grab my heart before I'm gone
Before I'm gone away
Grab my heart before I'm gone
Before I'm gone away

Before I'm gone
Stretchers keep my world alive
What's left
Just try to feed my past

Before I'm gone
Stretchers keep my thoughts alive
What's left
