I am alone here in darkness
I embrace the night
Staring up at the sky
I can't help wonder why
Nobody's daring to love me
Cause what I am
A creature of the night
I've never seen the night.

Please help me understand
Why I have to be all alone
Why can't somebody love me?
Please come and set me free.
I will be here for you take care
Of you through all the nights,
Why can't somebody love me?
Please come and set me free.

[Refrain:]
I am a creature of night.
No love for me inside
I am a creature of night
There's no love for me inside.

I will be lost here forever
Underneath the stars
Waiting for the one
Before the rising sun
It's getting colder
Insider her smolder
And all I hear them say
Is evil eyes within her.

Please help me understand
Why I have to be all alone
Why can't somebody love me?
Please come and set me free.
I will be here for you take care
Of you through all the nights,
Why can't somebody love me?
Please come and set me free.

[Refrain:]
I am a creature of night.
No love for me inside
I am a creature of night
There's no love for me inside.
No love for me inside...
No love for me inside...
