All alone, flesh and bone, evil carved in stone  
Smell the fear  
Somewhere up in these hills awaits the darkest chills  
Can you hear?

Where are you gonna go?  
There's nowhere to go now  
Trapped in this world, you're lost forever

There's nobody here to save you  
There's nobody near to hear you  
There's nobody here to save you  
There's nobody near to hear you

In this place, in this time and space  
Fear, hate, and evil awaits you  
Soon the siren will reign, better run from the pain  
Before the darkness will eat you

Go, Go, Get away now  
Go, Go, Run away now  
Go, Go, Get away now  
Go, Go... Go

Where are you gonna go?  
There's nowhere to go now  
Trapped in this world, you're lost forever

There's nobody here to save you  
There's nobody near to hear you

There's nobody here to save you  
There's nobody near to hear you

There's nobody here to save you  
There's nobody near to hear you

There's nobody here to save you  
There's nobody near to hear you
