They don't feel the impulse
They don't have the nerve
Anxious little fingers
Get what they deserve
Feelings have no meaning
Meanings have no heart
Twitching silly fingers
Don't know where to start
Bending over backwards
Pounding on the door
Scratching for attention
Reaching out for more

Fingers are the singers and fingers are the song
Fingers make the accidents, fingers make it wrong
Fingers full of passion, all up to the fist
Making special offers no one can resist

All the thoughts are lies, all the lies are true
Fingers never stop touching you, touching you
It comes as no surprise, surprises never do
Fingers never stop touching you, touching you

Fingers never stop
Fingers never stop
Fingers never stop touching you, touching you
Fingers never stop
Fingers never stop
Fingers never stop touching you, touching you
Fingers never stop
Fingers never stop
Fingers never stop touching you, touching you

Waiting on the corner
Generating germs
Hiding in the basement
Filling up with worms
Feelings on the ceiling
Sealing in the dark
Itchy nasty fingers
Animals that bark

Tiny, angry fingers
On the chopping fingers
Fingers made of metal
Falling down the stairs
Feeling sentimental
No one really cares

Fingers full of promises, folded at the ends
Filthy little fingers want to be your friends
Hiding in the bathroom, crawling on the floor
Pushy, swollen fingers, rotten to the core

All the thoughts are lies, all the lies are true
Fingers never stop touching you, touching you
It comes as no surprise, surprises never do
Fingers never stop touching you, touching you

Fingers never stop
Fingers never stop
Fingers never stop touching you, touching you
Fingers never stop
Fingers never stop
Fingers never stop touching you, touching you
Fingers never stop
Fingers never stop
Fingers never stop, never stop, never stop

Pin it down, cut it off
Pull it closer, cut it off
Keep a secret, cut it off
Like you mean it, cut it off
Cut it off, cut it off, cut it off, cut it off

Pin it down, cut it off
Pull it closer, cut it off
Keep a secret, cut it off
Like you mean it, cut it off
Cut it off, cut it off, cut it off, cut it off

Pin it down, cut it off (Fingers never stop)
Pull it closer, cut it off (Fingers never stop)
Keep a secret, cut it off (Fingers never stop)
Like you mean it, cut it off (Touching you, touching you)
Cut it off, cut it off, cut it off, cut it off

Pin it down, cut it off (Fingers never stop)
Pull it closer, cut it off (Fingers never stop)
Keep a secret, cut it off (Fingers never stop)
Like you mean it, cut it off (Touching you, touching you)
Cut it off, cut it off, cut it off, cut it off
