Red light, green light  
Red light, green light  
Red light, green light  
Red light, green light

Passion is dead  
Computer said  
We capture fire  
Karma has died

Violence kills the innocent  
A modern youth  
A common truth  
Passion dies  
a silent souls  
Governments they take control

Extra terrestrial behaviour  
In my own backyard  
The television always lies  
The camera blinds my eyes

A.R.T.  
Confused art  
Confused art  
Confused art  
Confused art

Red light, green light  
Red light, green light

Passion's a crime  
Money's alive  
Try and forget  
Karma is dead

Politicians always lie  
They cover truth to rule our lives  
Passion dies  
Silent souls  
Governments they take control

Extra terrestrial behaviour  
In my own backyard  
The television always lies  
The camera blinds my eyes

A.R.T.  
Confused art  
Confused art  
Confused art  
Confused art
