[Marley Marl]

Ladies and gentlemen, we got Queensbridge Finest up
in this mothafucker
tonight
They just came from war
They wanna let you know a little something about
where they come from

"The-the Bridge" "Queensbridge" "The-the Bridge"
"The-the Bridge" "Queensbridge" "The-the Bridge"
"The-the Bridge" "Queensbridge" "The-the Bridge"
"The-the Bridge" "Queensbridge"

[MC Shan]

You love to hear the story, again and again
About a rap dynasty that just won't end
The monument, still in your face
Niggas played out, Shan still in the place
Hip hop was set out in the dark
The Bridge was never Over, we left our mark
The jam is dedicated to you and your boys
I brought my Queensbridge thugs to kill that noise

[Havoc]

If you was an out-of-towner, had to know somebody wit
strength
You know the drill, shit was real, fuck around, got killed
You know the Hill breed of thugs, death to those that
squeal
Squeezin them slugs, one love to thugs that died in the
field
So many names don't got time to spit em, but through
my rhymes they livin
We the Bridge through tracks I'm givin
Never lose sight, 41st Side's my life
The 40th Side of life, dunn we keepin it tight

[Cormega]

Yo it ain't just the music
Group aspirations or ghetto illusions
It's the product, east side, and all the beautiful children
And unleashed dreams comin through each building

If you sleep, you better wake up as you see
Mega more mature, I'm on a record wit Nature
Mind on my paper, nine in my waist
There's no denyin the greatness
Queensbridge, never try to disgrace it

[Millennium Thug]

Aiyyo the Queensbridge associations breeds similarity
Bricked up, chipped off rocked out salaries
Pull out long guns, pop out casualties
It's like I gotta see a thug nigga ill as me
The Ill Will in me, I rep that willingly
Step back enemies, death tracks feelin me
Six blocks, losin my mind
Runnin from D's
These P's got me usin my nine, I pop off

[Nature]

Y'all know the place where stars is from
Every night it sparks off and the crowds'll run
We leave chicks strippin over strollers (Slippin Sova)
In Queens, you be the victim till you get to know us
Your hood's bogus, my hood be keepin it crunk
So much be jumpin off I ain't sleep in a month
Y'all can play the front line, I be deep in the cut
Drive through, you can't peep it enough
You in the Bridge nigga

[Capone]

You must pay homage to my projects
We thorough to the end
Only jail and death divide us
From rap to the crack suppliers
Out-of-towners get knocked off
We regualte blocks laws
I had the hood like Watts flooded wit cop force
QB to the cracks in the pavement
Mister Everything that ? pool for stacks in a basement
Niggas understand the drama we bring
The legacy, dynasty upholding the ring where QB is
king, what!

[Tragedy]

Yo for you I take a fifth to the head till I url
Boomerang dunn, QB bust they gun
Keep them PC niggas on the run, one
Mahti specialist, 2-5 the nemesis
The last verse, "T.O.N.Y." remember this
Resurrect through the birth of my seed, crime genetic
You synthetic, your gangsta's cosmetic
I move niggas telekinetic, who wanna set it

[Prodigy]

Yo yo move...

Me and my dogs comin through

We the grain, go against us you feel pain

Get ranked on, we beat niggas numb

These niggas is dumb, you can't resist my dunns

2001 we still thump, the fuck happened to ya'll?

We like that snowball, goin downhill

We get large, you get bullets lodged

In your jaw, your ribs, your arms

We party hard, at the bar

Buyin bottles of overpriced styles and Remy Mar

The Head Niggas In Charge

We number one, QB there's no competition

Infamous Records, Bars and Hooks listen

Littles, Noyd, and Mega

We independent, dunn we Infamous Mobbin

G.O.D., Nitty and Twin in

The Ill Will Bravehearts, L.E.S. millennium

[Nas]

Yo blow faces, fo-fo blazes, no one's safe

This music mogul rollin wit a hundred soldiers

Gangstas we postal

Oh you didn't, wanna know whose life Was Written

The life I'm livin

The ice the women

The kites that sendin to lifeless biddin

The streets to prison

I touch you then buck you

Heats be spittin

La-ser, AR fifteen doors come down

Jaws is broke, your whole crew is coffin bound

Your hoe, your man, lieutenant, your boss get found

This dough I got, I spend it and toss around

New York it's time we flip it, where you from?

Ladies, it's time we flip it, where you from?

Now tell me who was the true thugs in videos first?

Who had the projects behind us, who bit it the worst?

We from the largest project, yo the biggest on earth

Queensbridge know they history, left y'all cursed cuz

[Chorus] *repeat to fade*

Keep on rockin the Bridge and keep rockin

If the beats stop rockin, the Bridge'll keep rockin
