It's the infamous back in the house once again
Livin' the life that of diamonds and guns and now
gems pulls
Gats like a base head, pulls on stems the Mobb got the
bomb
Run out and tell a friend drop a gem on 'em

Take a tire, all these fake crooks need to retire
They gotcha gassed, takin' back and snatch fire outcha
maggot ass
Havoc represent for the Q B C
Smoke that ass like a lucie, though I need to quit

Fuck it, I love it like a cloud
Over the projects your game I'm above it
Its combat, gats bangers and all that
You'se a small cat, whatever you on get off that

I mention, nuthin' but the real shit presentin'
The hollow tip crew 41st side convention try for?
You half-steppin like a fresh tec out of the box
Yo niggas I'm testin'
(There's no question)

Bitch ass have you confessin'
Like a D T left in state of depression
You under pressure, intact no doubt catcher
The snitch-snatcher tookin' wit asthma
You Casper, you yell my name

That's only givin' me props
Plus the fans that you got, wonderin' what's got you hot
It's too not, knocked out the box and got rocked
Got raped on the island, you officially got kick that thug
shit
Vibe magazine on some love shit
(Keep it real kid, you don't know who you fuckin' wit)

It's the infamous back in the house once again
Livin' the life that of diamonds and guns and now
gems pulls
Gats like a base head, pulls on stems the Mobb got the

bomb

Run out and tell a friend drop a gem on 'em

It's the infamous back in the house once again
Livin' the life that of diamonds and guns and now
gems pulls

Gats like a base head, pulls on stems the Mobb got the
bomb

Run out and tell a friend drop a gem on 'em

Yeah likewise, I'm tired of rap guys whose faggots
Pure shuteye and swole up your whole outside
I baptize, niggas get wet, put up your backside
You're claptized and set straight, put on your head
straight

Watch out for, these upstate cats be leary of you
Yeddy niggas wit gats plus the walls on they backs
Rikers island flashback of the house you got scuffed it
in
You would think you gettin' your head shot was enough
but then

Now you wanna got at my team
You must of been drunk when you wrote that shit
Too bad you had to did it to your own self
My rebellion, I retaliate, I had the whole New York state

Aimin at your face at the gate
Bottom line of top soon as you came through
Shot through, don't even know the half of my crew
I got a hundred strong arm niggas ready to rock the
shit
Clocks tick, your days are numbered in low digits

You look suspicious, suspect niggas is bitches
Get chopped up, grade A meat, somethin' delicious
And laced back up, 2 G's, one for stitches
Then reconstruct your face and learn how to speak
again

My Mobb's like a bunch of wild Puerto Ricans
Wit bangers the size of African spears
It's warfare in the arena, you turn arenas into house of
horrors
It's terrodome, when you see my click you need to run
behind shit
You gotta gat you betta find it

And use that shit think fast and get reminded
Of robberies in Manhattan you knew what happened

60 g's and one for gun clappin'
Who Shot Ya? You'd probably scream louder than an
opera

New York gotcha, now you wanna use my mob as a
crutch
What makes you think you can't get bucked again
Once again, back in the house once again

Live the life that of diamonds and guns
And now gems pull gats like a basehead pull on stems
The Mobb got the bomb run out and tell a friend
It's the Infamous
