Yeah.. yeah.. aight?Motherfuckers!

Bitch-ass niggaz, faggots

Come through nigga... YO!

[Havoc]

I creep on the tippy-toe, surprisin the enemy  
And ain't nobody safe unless you bulletproof  
E'RYTHING

Clappin at your baby, includin your entourage  
Don't be 'fraid of these slugs, they get you closer to  
God

I'm a homegrown terror, my pops planted the seed  
When I wild, don't be mad at me, should blame him

War with us?The start of your end  
Beef with these faggot-ass rappers started the trend  
P?That's my grimy for life, don't fuck with him

And if word get back to me, I'm buckin you

Know it's on me hammers stuck to the hand just like  
glue  
Shorty thought she knew me so I had to check her  
Like them O.G.'s smokin them trees of bamboo

I'm a Gemini bitch, that mean I flip with the weather

I don't know how you talk to them other cats, but I ain't  
them

(Nah!)Put it in your mouth girlfriend  
[Chorus: repeat 2X]

[H] Clap your favorite rapper, gives a FUCK

Gimme a minute I'll crack that ass, whassup?  
[P] It's like drugs cause we gettin it back, get it back

like ki's how we get it back, it's a cash explosion  
[Prodigy]

Yeah that's right, that's right, that's right

Know we done struck a jackpot Dunn, it's a wrap from  
now on

Just keep servin these niggaz portions of that raw  
And sit back and countin this cash, we gettin off

Knick-knack, paddy-wack, give a dawg more

I won't stop 'til I can match my car with my clothes  
And ery'day of the week, I'm switchin up flows  
Spend ery'day with my peeps, half in the vultures  
Peace to Uncle Imeek, he holdin down the corporates  
.. eatin like a Boss Hogg

Clik-clik-BAOW! Don't have me shootin my gun at y'all

Don't have me cuttin niggaz down like the sniper

You had me kill some'n, I'm tryin peel bundles  
of that scratch, the thou's to the mills  
Paper that our next generation gon' feel

Cause niggaz fuck with our money, we set it like the  
Bush family  
You niggaz gettin your money? Yeah do that for real  
[Chorus]
