Something's happenin'
cause everything's different,
but everything is fine, yeah
Cause this is the good stuff
and yesterday is only what you leave behind
it's only in your mind

Chorus:

You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all that light in your eyes
all that light in your eyes
There's no use pretendin'
you (or it) never existed
til you saw the light, yeah
Cause you're just beginning
you haven't missed it
it's only in you,
and you know what to do

Chorus:

You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all that light in your eyes
all that light in your eyes
If the world wasn't the way she is now
you'd be mysterious
she's got more use
and give it to me
When nobody's happy
that's not the world outside
where everybody hides

Chorus:

You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all that light in your eyes
all that light in your eyes
You gotta talk to the one who made you
talk to the one who understands
talk to the one who gave you
all that light in your eyes

all that light in your eyes
Yeah, thank you, thank you
yeah, everything will stop
yeah, thank you, thank you
for the light in your eyes
yeah, thank you, thank you
yeah, everything will stop
yeah, thank you, thank you,
for the light in your eyes
for the light in your eyes
