[Havoc]

Yea I want you baby, I'm glad you here  
I'ma take good care of you, I'm gonna put you right  
there  
I ain't letting' you go this time, nah you gonna stay right  
here  
I'ma call you money baby, money

[Verse - Havoc]

It started bout 7 when I realized ya worth  
Sold drugs to put you all alone with this purse  
Took a backseat, cause family came first  
Holes in my sneakers and shirt  
I turned 13, now lil' niggaz sellin' coke  
50 4 11's yea I copped 'em for them hoes  
But you left without warning, I guess it was a lesson  
I had you but you showed me no affection  
Got withdrawals, took you to the malls  
The more I got of you, the more I got spoiled  
Now my toes curl, lets have a baby boy or girl  
Had you in Switzerland, half across the world  
Grew up an investment and you can't be doubled  
Came back around when I bubbled  
Now I'm in trouble, took the wrong turn  
Let my homie borrow you, now he wont pick up his  
phone

Where you goin' baby where you goin'  
Talk about money this is money baby where you goin'  
I can hold you baby I can hold you let me hold you

[Chorus - Prodigy - 2X]

The thing about you is you make me smile  
You build me up when I go down, you give me strength,  
you give me power  
May no one come between this thing of ours

[Verse - Prodigy]

You give me sex, you give me gifts  
You give me head from every baddest bitch  
You make me happy you make me sick

Cause baby you my drug and I need my fix  
If I ain't have you how would I live  
To get you I'd risk that time in prison  
To get you I'd take risks that'd mean death  
I'ma love you until the end  
Its all about you my precious,  
I'd never ignore you for a bitch again  
I'd put that on my honest,  
Got these other nigga jealous cause you all over me  
In public, you be all inside my jeans  
Took me all over the planet, places like Europe  
Taught me new tricks at them banks out in ???  
These niggaz, back in the hood  
Could never have you like how I do

[Chorus - Prodigy - 2X]

The thing about you is you make me smile  
You build me up when I go down, you give me strength,  
you give me power  
May no one come between this thing of ours

I need you, I need you in my life  
stay right here with us  
Ain't nothin' over there for you  
stay right here with us you in good hands right here
