[Bars-n-Hooks]

Startin' wit' us, through this take over we lockin' down
the sound
Hip Hop's makeover, we breakin' the rules and
chargin' the game
We ain't yo QB regulars, we breakin' to change
We the most Infamous Black Entrepreneurs
We leaders, record sellin' overacheivers, controllin' the
speakers
Movin' the crowds, bringin' our own sound and lockin' it
down
So if you on your own wit' us, flow wit' us , give it all you
got
And you goin' blow wit' us, see you at the top, we on
our way
Cause Bars-n-Hooks is here to stay, we here forever
We entrepreneuin', straight out of the back of the trunk
Dawg theres no losin' , we independent Dunn you talk
it, we do it
You frontin', we Young Black Entrepeneue it..

[Chorus*Prodigy and Female*]
