I'm so sad and lonely
Blue as I can be
Yes, I'm so sad and lonely
Blue as I can be
Call my baby, caught her fighting
And flew away from me

She's gone to a far away country
Over land and over sea
Yes, she's gone to a far away country
Over land and over sea
Guess I'll always be unhappy
Until she flied back to me

Bye bye baby
So long baby bye bye
Goodbye baby
So long baby bye bye
I would like to travel with you
But an airplane flies too high
