I tell ya brother, man shit happens
By the way, howzit with you?
Check out the kid, finger on the button
Oh yeah, it's a wonderful world, huh

When every night, things are getting grimmer
And all your dreams seem dumb and absurd
You need a light, shinin' how to tell you
Oh yeah, it's a wonderful world

I'll be leaving in the morning
Far away from you, yeah
Somedays you have to take a jump in the blue

Nothing ends my depression
Nothing
It's comin', oh my obsession
It's comin'

Don't make it bad if you have a vision
You'll never need to follow the herd
Pull the chain down goes the water
Oh yeah, it's a wonderful world

When everything is closin' in
Try to see the use, yes, I'm taking that step
I'm gonna jump in the blue

Nothin' ends my depression
Nothin'
It's comin', oh my obsession
It's comin'

I'll be gone with the morning sun
Far away from you
But someday you have to take a jump in the blue
Take a jump in the blue, take a jump in the blue

Oh, I'm leavin' in the morning
Nothing left to do, yeah
Someday, you'll have to take a jump in the blue

Nothin' endin' my depression
Nothin'
It's comin', I can feel the vibration
It's comin'

Nothin' ending my depression
Nothin'
It's comin', give me wings, give me my
liberation
It's comin'

I've been lonely, Lord
A final jump in the blue
I've been lonely, Lord
Ain't got nothin' no more

Oh no, no, no
I can't take it no more
I've been lonely, lonely, lonely
A final jump in the blue
