It's not like I love the way you stare  
fortunetly love don't hide no secrets.. there

I wanna be every raindrop, tasted by you  
She's a cloudy case of deja vu  
Last chance to ride this train  
what's so wrong with the song and dance anyway

I passed you out standing in the hall  
Practically you said that we would have a.. ball

I wanna be every raindrop tasted by you  
She's a cloudy kind of deja-vu  
Last chance to ride this train  
What's so wrong with the ong and dance anyway

Bellybutton queen soaking me in  
Sweet lips and licorice whips  
Yea my only wish  
A fairytale in a soap dish

Bellybutton Queen muscle car of chocolate bars  
Yeah the moon and stars won't go too far

It's not like I love the way you stare  
Unfortunetly love don't have no secrets.. there  
I wanna be every raindrop tasted by you  
She's a cloudy case of deja-vu

Last chance to ride this train  
What's so wrong with the song and dance anyway

Bellybutton queen soaking me in  
Sweet lips and licorice whips  
Yeah my only wish  
A fairytale in a soap dish  
Bellybutton Queen muscle car of chocolate bars  
Yeah the moon and stars won't get too far  
Wherever you are
