"Clouds"

A boy and a girl
Bottled up in imagination
Have a vision on me
Crave another wave
Sparkle and behave so well
Afraid of mixing

Oxygen with rhyme
It gets me every time
Please don't lose your mind
Never, Never

Do you ever stop to wonder
The spell you put me underneath
The sky from up in the clouds
Do you love it loud
Noises bring me crashing down
I'm falling to the ground

Hide behind those eyes
Brilliantly disguised
You work those lies like magic
A breath of bloodshot air
Cannot compare with the feeling
Of hopeless turquoise

Dangerous to breathe
Desperate to believe
I never wanna leave
Never, Never

Do you ever stop to wonder
The spell you put me underneath
The sky from up in the clouds
Do you love it loud
Noises bring me crashing down
I'm falling to the ground

From up in the clouds
Up in the clouds
Up in the clouds
