Just wanna get lost between
The cracks in the bedroom floor
If only I could find the time
To kill i'd shoot it full of holes

Thread me through a needle
Tie my loose ends into knots
Instead of rainbows
On the other side of bliss
you smile through all the trouble

Make it 'til Monday baby
Make another wish
Make it 'til Monday baby
Fake it if you have to

Stuck inside this carousel ride
Until one of us decides to go
Get back to the traffic lights
I can't even tell you
which colour means go slow

You thread me through a needle
Tie my loose ends into knots
Instead of rainbows
On the other side of bliss
Don't throw away this disaster

Make it 'til Monday baby
Make another wish
Make it 'til Monday baby
Fake the faith if you have to

When all these dreams
Fall apart at the seams
We'll smile away
Through all the trouble
