Translated:

Gentle sunlight on my cheek,
I ran for my life (in those) days long ago

Now, within these wavering times,
I search for true love

* My heart aches painfully ---
I myself even lose control?

* Brave eyes
The same sorrow, same hopes
Holding on intensely, facing that tomorrow ---
Now I?m not alone

Towards me, the wind only unsteadily
Plays as it blows
(Yet) I always never yield, even when (it?s) painful?
Like a flower blooming in a desert

Even when kindness becomes futile, or turns into a foe,
People still love kindness

Brave eyes
I wonder if it?s because of the new sky
That we never gamble for the sake of those smiles
These warm thoughts I hold close in my arms
