Translated:

I've got no use for ordinary heroes
Or for being an ordinary hero,
For they don't; it doesn't suit me!
I can't stand it

Sugary friendship
It's so boring it puts me to sleep
It has to be a joke!

And before the dream disappears, I can try to capture
it
Big shout shout you can shout!
Someone is shouting

Cry for the dream (yeah yeah yeah)
In my heart
Cry for the dream (yeah yeah yeah)
I shout tonight

The chains that bind me
They cannot be seen
So you better be careful, too

So if you are going to set me free,
Try betting everything on it now
For today is the last chance

The thrill that makes those sparks fly
I just want more of it!
Big shout shout you can shout!
Shout into the moonless night

I hold close my burning feelings, wanting to grab ahold
of tomorrow
To escape beyond the time that no one can stop!

Cry for the dream (yeah yeah yeah)
Passionately
Cry for the dream (yeah yeah yeah)
Shouting tonight

I spread my wings in the darkness and fly towards
tomorrow
Riding on the wind as I gaze upon it

Cry for the dream (yeah yeah yeah)
In my heart
Cry for the dream (yeah yeah yeah)
I shout tonight

Cry for the dream (yeah yeah yeah)
Passionately
Cry for the dream (yeah yeah yeah)
Shouting tonight
