Translated:

As I descend towards the burnt-up earth,

the morning sun shines?

No matter how much it hurts, I won't forget your smile  
I will search for the tomorrow when we can meet again?

Farewell, bird taking flight to the eastern sky  
Because the world always conceals everything you  
are?

Even tears will be lost in the morning  
Once again, something will begin?

If there are things you can't reach, no matter how hard  
you chase them,  
At the risk of my life, I'll catch them in these hands?

Flying away? In my heart, I want to fly away  
Flying away? For your sake, let's run to the sky?  
Flying?

Farewell, bird taking flight to the eastern sky  
Because the world has always been waiting for you?

Flying away? Embracing the wind, I want to fly away  
Flying away? For your sake, I can be free? flying?
