Translated:

I just feel the "Rhythm Emotion"  
The beat of my heart  
reaches out to you, so far away

It's OK if I get hurt.  
I want to live passionately and intensely  
without turning my eyes away.

Because it was you who gave me the strength  
to never give up, I want to embrace you.

I just feel the "Rhythm Emotion"  
Mistakes and pain  
lead us to a brilliant, momentary light.  
I just feel the "Rhythm Emotion"  
The beat of my heart  
reaches out to you, so far away

Yeah... Lighly accepting the moment  
with my bare skin,  
I want to find more "gentleness!"

Take back the miracle of your youth,  
when everything shined.

I just feel the "Rhythm Emotion"  
I believe in the kindness  
of feeling and understanding each other's heartbreak.  
I just feel the "Rhythm Emotion"  
With this kiss, I want to [3]  
show a definite passion to you, so far away...

I just feel the "Rhythm Emotion"  
Mistakes and pain  
lead us to a brilliant, momentary light.  
I just feel the "Rhythm Emotion"  
The beat of my heart  
reaches out to you, so far away
