Let's (x2)  
Let's go  
Let's (x2)  
Let's go  
Let's go free

And I was  
I found it in my heart  
Not back in my home lair  
When I get these ? ? ?  
What I couldn't understand  
That's I was so fucked  
I was so afeared  
I wanted to get fucked  
What did I mean?  
Now it's all dark  
And my heart is all that's living  
No this thing can't hold myself  
What love is going here now?  
And I was all lost  
Yeah I was so what  
You broke my heart  
When I want  
Now it's all fucked  
I wanted to be safe  
I wanted some care  
Like everything is always  
And I was so afeared  
I was so fucked  
I wanted no longer  
Won't get me love  
Love me love

Need a life (x4)
