If I was beautiful  
If I had the time  
They'd flock to me  
Bathe me in the wine  
I know that's not the way  
I know that's not how things are to be

(my baby left)  
(my baby left)  
(gone gone)  
(gone gone)

I was always looking  
And I held until the time began  
Solo things come at me  
I look to see where loss had ran  
I can have the sun it come  
And touch me on my shoulder  
Think of all the things that I could  
Wish that I had told her

I fly so high  
Then fall so low

(I fly so high, I fly so high)

If I was beautiful  
If I had the time  
You would flock to me  
And bathe me in the wine  
I know that's not the way  
I know that's not how things are to be

If I was like you  
With nothing to get around  
Then everything would be beautiful  
As far as I can see  
You'd be sitting here with me  
'till love's end

I fly so high

Then fall so low

I fly so high  
Then fall so low

Signs of love (I fly so high)  
Away we could run (then fall so low)

I can see the light come peering through the sky in my  
mind  
Closing people come in but also lying on the floor  
I would hold you in my arms until we both are home  
I would hold you in my arms until we both are all alone
