growing numbers
growing in speed
can't fight the future
can't fight what i see

people they come together
people they fall apart
no one can stop us now
'cause we are all made of stars

slow slow slide come come
someone come come come
someone's gonna come
some of us come
even love is a goin' 'round
we can't ignore what is goin' 'round
we came when no one was goin' 'round
we can't ignore what is goin' 'round

efforts of lovers
left in my mind
i sing in the reaches
we'll see what we find

people they come together
people they fall apart
no one can stop us now
'cause we are all made of stars
people they come together
and people they fall apart
no one can stop us now
'cause we are all made of stars

slows us light come come
someone come come come
even love is a goin' 'round
you can't ignore what is goin' 'round

slowly rebuilding
i feel it in me
growing in numbers

and growing in peace

people they come together
people they fall apart
no one can stop us now
'cause we are all made of stars
people they come together
and people they fall apart
no one can stop us now
'cause we are all made of stars
