The words fly like fists  
Across my front lawn  
As the day is long  
I seek  
From the cradle to my room  
My mothers breast to her womb  
The lap of the gods to the moon  
I seek  
We can leave too soon  
We can leave too soon forever  
Forever  
As our worlds collide  
In a late-night show  
It's a devastating loss  
I know all too well  
And i love you still  
And i always will  
From the bossom of my hometown  
I seek you  
We can leave too soon  
We can leave too soon forever  
Forever  
Do you believe in love  
Do you believe in me  
Do you believe in a peace  
I know i'll try  
Do you believe in love  
Do you believe in me  
Do you believe in a peace  
I know i'll try  
I know, i know  
As the snow melts outside  
As the snow melts within  
It's so hard to let this go  
'cause the snow is in my veins  
As my words fly like fists  
Across my front lawn  
As day is long  
I know  
We can leave too soon  
We can leave too soon

Do you believe in love  
Do you believe in love  
Do you believe in love  
I know, i know  
I know, i know  
I know, i know  
A new poetry  
A newfound belief  
A new poetry  
A newfound belief  
A new poetry  
And i've known  
I've known
