Who says i cannot be betrayed  
Let them stand and laugh  
Who says i shouldn't be ashamed  
Let them know my past  
Who says i cannot be believed  
Let them walk my trail  
Who says i shouldn't be released  
From the last abuse  
It's just, just us  
And us and rain  
Spare thoughts and change  
Should you feel the need to throw  
The first stone through my window  
Feel free to let it go  
I'm home  
Who says i cannot be betrayed  
Let them stand and laugh  
Who says i shouldn't be ashamed  
Let them know my past  
Who says i cannot be believed  
Let them walk my trail  
Who says i shouldn't be released  
From the last abuse  
It's just, just us  
And us and rain  
Spare thoughts and change  
Should you feel the need to throw  
The first stone through my window  
Feel free to let it go  
I'm home  
Should you ever need to cry  
And if you're barely getting high  
You should know that i won't let you die  
Who says i shouldn't feel ashamed  
Who says i shouldn't feel ashamed  
And should you feel the need to throw  
The first stone through my window  
Let it go  
And should you ever need to cry  
And if you're barely getting high  
You should know that i won't let you die  
You should never feel alone

You should never feel alone  
When i'm around  
You should never feel alone  
You should never feel alone  
You should never feel alone  
When i'm around
