this man you love, this boy you hate  
the hills are his in all embrace  
enchanted and not soon lost  
this man you call with lover's draw  
so coarse in kind it can't be sought  
for leaving is what i do

i declare myself  
declare myself of faith  
i declare myself  
declare myself of faith

ever wonder why they kill the weak ones, baby  
there's no one here to care  
someone always thought a good reason, baby  
just why we're really here  
affirm my power to spend my dollars, to get us home,  
yeah  
i've got no money, got no secrets

maybe we were born to kiss another  
maybe we were born to run forever  
or maybe we were born to come together, or whatever  
kiss me alone

this boy you chance, this man you'll find  
will dry the tears behind your eyes  
so stop laughing and play the muse  
this heartache rots that which spills  
from my heart into your will  
so give in to the rivers wind  
i declare myself  
declare myself of faith  
i declare myself  
declare myself of faith

every wonder why they kill the weak ones, baby  
so they can to testify  
for every single ghost on that freeway, baby  
has got to give a mild holler to spend my dollars  
we've got to get away  
i've got no money, got no secrets

maybe we were born to love each other  
maybe we were born to run forever  
or maybe we were born to come together, or whatever

kiss me alone  
kiss me alone  
kiss me alone  
kiss me alone

maybe we were born to love  
maybe we were born to love  
maybe we were born to love  
maybe we were born to love each other

kiss me alone  
kiss me alone  
kiss me alone  
kiss me alone

maybe we were born to love  
maybe we were born to love  
maybe we were born to love each other  
kiss me alone
