should i follow you
or hold my step
whatever's left to lose
you want it, you got it

cause here i am
faced with the choice of hearts
let you go
or hold you and set you right

baby jane
whatever's in the air
go get you some
cause if you want it well you got it good

cause here i am
set on this path of gold
so let me go
and see if i come right back

cause here i am
fresh as the day i'm told
truth be known
you want me, you got me so

they teach you with fists
they taught me with soul
they know you're wish
you want it, well they got it stitched

so here i am
cause i am not this sun
please let them know
they want me, well you stole it kid

you drive the car
just by my eyes
we'll go as far
as you can survive the night

cause here i am
running pure faith on you

aces high
you want it, well you got it cool

here i am
here i am
here i am
