I left alone, my mind was blank  
I needed time to think  
To get the memories from my mind  
What did I see? Can I believe?  
That what I saw that night  
Was real and not just fantasy

Just what I saw in my old dreams  
Were the reflections of my warped mind  
Staring back at me  
'Cause in my dreams, it's always there  
The evil face that twists my mind  
And brings me to despair

666, the number of the beast  
Hell and fire was spawned to be released

Torches blazed, sacred chants were praised  
And as they start to cry their hands held to the sky  
In the night, the fires burning bright  
The ritual has begun, Satan's work is done

666, the number of the beast  
Sacrifice is going on tonight

I'm coming back, I will return  
And I'll possess your body and I'll make you burn  
I have the fire, I have the force  
I have the power to make my evil take its course
